- 8 FTA Observation Day
- 10 Energy Bus Day
- 21 Energy Bus Day
- 22-24 Thanksgiving Vacation – No School
- 27 Professional Development Day-No School
- 28 Second nine weeks Interims

On October 13th, Fort Recovery Middle School embarked on a full day immersed in the Energy Bus concept. We commenced our day with a compelling lesson led by Mrs. Gerlach, focusing on the power of empathy. Through her guidance, students delved into the historical significance of inventions born from a deep understanding of others' needs.

Following this, Brad Hurtig delivered an inspiring message centered around 'Finding Your Way,' aligning perfectly with our overarching theme of desire, vision, and focus. The students were encouraged to explore their personal aspirations and goals.

In the afternoon, our students had the opportunity to actively engage with two key incentive indicators: achieving All A's and B's in their academic pursuits and accruing Community Engagement Hours. Some students dedicated their time to enhancing their academic performance, while others seized the chance to volunteer at the VFW and American Legion. Their activities included raking leaves, tidying up, and contributing to the betterment of our cherished community.

It was a day of growth, learning, and community involvement, underlining our commitment to academic excellence and social responsibility."

Energy Bus: Rule #3 Fuel Your Ride With Positive Energy

The month of November is all about fueling with positive energy. Just as a car needs fuel to move forward, our students need a positive and optimistic mindset to navigate their educational journey. Encouraging your child to maintain a positive attitude can greatly impact their school experience. By focusing on the good, setting goals, and approaching challenges with a can-do spirit, they'll be better equipped to overcome obstacles and achieve success. As parents, your support in reinforcing this rule at home is invaluable. Let's work together to ensure our students fuel their ride with the positive energy they need to excel in both their academic and personal endeavors. Thank you for being part of our Energy Bus community! Go Indians!

Flags From The Nation's Capital

Two FRMS students, Kendall Ranly and Will Faller, earned these American Flags that were flown over the US Capitol Building. The students were chosen by the travel company K & K Tours of Celina that led the middle school students and chaperones on a 5 days tour of our Nation's Capitol and Gettysburg. Congratulations on representing our school and community at a high level.
