2022 Fort Recovery District Report Card Summary

The students, parents and entire staff of Fort Recovery Schools should be proud of the continuous improvement of our academic success as assessed by the Ohio Department of Education. On Thursday, September 15th, ODE released school building and district data from the end of the school year testing results for 2022.

Fort Recovery's Achievement Rating

5 ★★★★★

= Significantly exceeds state standards in academic achievement

This component represents whether student performance on state tests met established thresholds and how well students performed on tests overall.

Fort Recovery's Progress Rating

5 ★★★★★

= Significant evidence that the district exceeded student growth expectations by a larger magnitude

Simply put, academic growth is measured by looking at the current achievement compared to prior achievement results on Ohio's State Tests. Educators in Ohio call this a value-added rating.

Fort Recovery's Gap Closing Rating

5 ★★★★★

= Significantly exceeds state standards in closing educational gaps

Gap Closing rates how a district's subgroups demonstrate mastery of academic content through their assessments.

Fort Recovery's Graduation Rating

4 ★★★★★

= Exceeds state standards in graduation rates This rating is based on graduation rates of a grade level cohort (ex. Class of 2021) after four years of education and after five years from the start of high school.

Fort Recovery's Early Literacy Rating

4 ★★★★★

= Exceeds state standards in early literacy (K-3)

The Early Literacy Component measures reading improvement and proficiency for students in kindergarten through third grade. The majority of the data is pulled from the 3rd Grade ELA test.

A sixth area, **College, Career, Workforce and Military Readiness Component**, will be added after the 2024-2025 school year.

ODE will not provide an overall rating. This will occur in 2023, but the five areas will not be weighted evenly.

Fort Recovery's Overall Rating

NA This will occur in 2023, but the five areas will not be weighted evenly.

By Fall of 2024, the district will earn a performance index score of 106.5 and meet 85% of the state indicators.

As the school district evaluates our progress related to the academic goals of the 2021-2024 Culture and Commitment Guide, we can all be proud of the gains we have achieved.

This year, we exceeded one of our goals for the Fall of 2024. That goal was to meet 85% of the state indicators. We had a modest improvement goal of a 2% increase in the percentage of district indicators that we would meet each school year. Over the past two years, the district has progressed to achieving 95% of the state achievement indicators.

The school district performance index is also a key measure because it evaluates all schools in the same manner. Based on the State of Ohio annual assessments, students receive 1.0 points for a proficient testing area. Each student's score can range from Limited Proficient 0.3 points to Advanced Plus 1.3 points on every assessment they take each year. Untested assessments have a drastic effect on the scores, as they count as a 0. The combined scores of all of the tests, multiplied by the associated point factors, gives the district a performance index score. This year, our district performance index improved from 99.7 up to 102.7.

The PI score of 102.7 places Fort Recovery Local Schools at #34 in the Ohio Performance Index Rankings for 2022. That is higher than 825 other public school districts and community schools in Ohio.

We are striving for a district performance index score of 106.7 by the Fall of 2024. Our students are on track to achieve this high reaching goal.

Attention FRHS Alumni

(Class of 2017 and before)

We are trying to collect data about where the path of life has taken you since high school.

Fort Recovery FFA Feeds the Farmers

The Fort Recovery FFA wanted to give back to the community and give thanks to the farmers. Members took to the fields after school on Thursday, October 6th. They gave farmers a hot ham and cheese sandwich, bag of chips, apple, and a cold water.

Knapke Named "Commended" in National Merit Scholarship Program

Fort Recovery High School senior Megan Knapke has been named a Commended Student in the 2023 National Merit Scholarship Program. Megan is the daughter of Bill and Janet Knapke.

About 34,000 Commended Students throughout the nation are being recognized for their exceptional academic promise. Although they will not continue in the competition for National Merit Scholarships, Commended Students placed among the top 50,000 scorers in the nation who entered the competition by taking the 2021 Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT).

Congratulations, Megan!

Thank you for taking the time to read this edition of the Fort Site Journal. Please check out the information below for a quick snapshot of what's going on at the high school.

First of all, we would like to congratulate a couple of our cross-country runners who placed very well at the MAC Championship on Saturday, October 15th. The boys team placed 7th overall and the girls placed 2nd in the MAC. Junior Trevor Heitkamp was the MAC Champion on the boy's side finishing in first place and Junior Natalie Brunswick was the MAC Runner-up with a 2nd place overall finish for the girls. Rounding out the top twenty finishers for the Indians were freshman Parker Brunswick (13th), junior Jenna Hart (11th), and junior Ellie Will (12th). Congratulations and good luck to all of our runners as they prepare for tournament.

I wanted to take this opportunity to quickly review some of the new graduation requirements that our students will need to complete in order to graduate. You might have heard about these new requirements as they go into full effect with the class of 2023 and beyond. They have three basic elements: completion of required credits and coursework; demonstration of competency in math and English; and earn at least two graduation seals, one of which must be a seal with state-designated requirements. There are a variety of ways students can demonstrate competency as well as a dozen different seal options that students can pursue. The high school has worked hard to implement several changes to get our students ready for these new requirements. All students are required to complete a graduation plan and take a Career Exploration course where we work to ensure students are on track to graduate. If you have additional questions or would like more information regarding graduation requirements and how they impact your child, please do not hesitate to reach out to the HS office.

Lastly, I'd like to remind parents that the first quarter ends on October 21st. Students will be able to get their report cards on October 28th. We will not be distributing paper copies of grade cards this year; they will be provided electronically via Progress Book. If you need assistance with viewing these reports, please contact the HS office. Also, as a reminder, the district will be having fall Parent-Teacher Conferences on November 3 & 8 from 4-7:30pm. If you would like to schedule an appointment with your child's teachers, please contact the HS office @ 419-375-4111.

DO YOU KNOW SOMEONE WHO HAS HAD A TOUGH YEAR?

(medical issues, job loss, death in the family, or just having trouble making ends meet)

The Fort Recovery High School FBLA and Student Council would like to help!

We would like the names of local families (or individuals) that could use a “pick me up” this holiday season. Requests can be for food, clothing, toiletries, Christmas gifts, gas/gift cards, or just some holiday cheer. We will use the profits from our pie sales (**and any tax-deductible monetary donations received**©) to assist in our efforts. If you would like to help out by “adopting” a family this year, contact Matt Kerns at 419-375-4111 ext. 823 or kernsm@fortrecoveryschools.org. Thanks for your time!

Happy Holidays from FRHS!*

FROM THE PRINCIPAL'S DESK

I am blessed to live and work in this community. A community where my family, friends, neighbors, co-workers and acquaintances truly demonstrate the belief we like to call the "Power of the Tribe."

As many of you may know, I was diagnosed this Spring with a brain tumor, specifically, a Jugular Foramen Schwannoma. This is a golf-ball sized, slow growing, benign tumor. Luckily, I have had minimal to no effects from this tumor; however, there was a risk that ill-effects could begin, so the tumor needed to be removed. Surgery occurred Tuesday, October 4th at Ohio State University. I can not think of a better place to be as the doctors and healthcare team there are superb. The surgery was a success and I am still home healing.

While I am out, I am lucky to say that my job duties at school are one thing that I absolutely do not have to worry about. This is a true testament to the students, staff, parents, and community and each one's willingness to help out when needed.

Look at these facts:

1. Fort Recovery Middle School was ranked by the ODE as a 5-star school for Achievement and Gap Closing on our latest report card, with a P.I. in the top 6% of all schools in the state. What an amazing accomplishment by our students and staff!
2. At the time of writing this, we have had zero discipline referrals in the middle school thus far. ZERO! What an incredible testament to the students for understanding the expectations of FRMS, and to the parents for instilling in their children the moral and values we hold true here in Fort Recovery.

Why do I bring these facts up? Well, one is to brag on our students and staff about how awesome they are. But also because they provide statistical data that proves I have no reason to be concerned while I am out on medical leave.

Throughout the month of October, in anything arises that you would normally reach out to me, please contact Mrs. Hartings via email or phone in the Middle School office instead. She will disseminate where that information needs to go. There is an amazing team here that will cover whatever is needed in my absence.

Thank you to all for your help, support, thoughts, and/or prayers during this process. Thank you for having the "Power of the Tribe."

FROM THE PRINCIPAL'S DESK

One of the great things about education is that no two days are ever the same! That couldn't be more true in the Elementary School. The students and staff have been busy working hard in their classrooms, venturing out on field trips, attending pep rallies, campaigning for student council, preparing for parent teacher conferences, and so much more!

As we close out on our first nine weeks, and look ahead we will celebrate Bus Driver Appreciation/Bus Safety week, Red Ribbon week, Veteran's Day, DARE graduation, and holiday celebrations. We aren't about to slow down! I want to extend my appreciation to the school bus drivers for all they do to keep our students safe, on time, and give them a smile to start their day! The role of a bus driver is often one that is taken for granted and sometimes overlooked. However, without them many families (mine included) would struggle to find the means to get my children to and from school safely. Bus Drivers, THANK YOU!

As we conclude our first nine weeks, Fort Recovery Local Schools will not send home paper report cards. Report cards will be available to view starting Friday, October 28. Parents must have a parent Progress Book account to view their child(ren)'s report cards. Letters with student specific access codes to create parent accounts are sent home every year with 3rd grade students (this is the same account if you view your child's grades and assignments through Progress Book). Parents for students in Kindergarten - 2nd grade recently received their login information. Please be sure that you are using the Progress Book link that is associated with Fort Recovery Local Schools: <https://parentaccess.noacsc.org/district/fr>.

Fort Recovery Elementary School will hold Parent Teacher conferences on Thursday, November 3 and Tuesday, November 8. Parents can register online for a conference at <https://www.fortrecoveryschools.org/ParentTeacherConferences.aspx>.

Thank you for your continued support of Fort Recovery Elementary!

Rammel Family Honors Memory

The family of Becky Rammel recently honored her memory with a donation for the restoration of a mural in the Morvilius Opera House. Pictured are Becky's husband, Dave, and their children, Jenny Dippold, Stacy Faller, Kari Vehorn and Chris Rammel. Accepting the check are opera house members Tracy Hein Westgerdes, Carol Jutte and Brandy Jutte. Becky was known and loved around Fort Recovery for the many years she spent as head cook for Fort Recovery Schools, for her funny but talented part in the Sisters of Disorder musical group and her involvement in the community. Once it is restored, the mural seen behind the family will be a beautiful remembrance of her and her loving family.
